

CHESTERMERE

NOTICE

ACCESS DISRUPTIONS AND/OR ROAD CLOSURES FOR STORMWATER UPGRADES

The City of Chestermere has contracted Stein Excavation Technologies to complete stormwater upgrades in your neighbourhood. This means you may experience access disruptions and/or road closures in your immediate area.

WHEN?

Anticipated construction dates in your neighbourhood are between:

JULY 8 to JULY 18

BETWEEN 8 a.m. – 8 p.m.

**Please note road closures and limited access to green spaces may occur at any time. Closures and access disruptions will shift as the project progresses. Detour information will be placed as necessary.*

Other than possible road closures and limited area access, residents should not experience any further disruptions.

WHY IS THIS WORK NECESSARY?

Upgrades to the underground mains and catch basins are necessary to ensure our systems can properly handle significant rain events, to function at optimal capacity, and to eliminate rainwater pooling on the roads.

We apologize for any inconvenience this may cause and thank you for your cooperation.
